

AFRICA FIRST
DIVERSIFIED FINANCIAL SERVICES

10 January 2022

Good Day and Asalaumaykom waraghmatullahi wabarakatoe

After working in the financial services industry for more than thirty years I have now decided that the time has come for me to put my feet up and retire. This decision has not come lightly and has been made in the best interest of myself, our clients, and my family.

Over the next six months, I will be retiring Africa First as a brand and implementing the succession plan that will see my hard work carried forward in a new and exciting, modern financial services vehicle. I look forward to spending my days with my family as well as focusing on my passion, which is giving back to the community via various charitable organizations.

The Advisory Firm, headed up by my son, Umar Kaprey, will be continuing my legacy by taking over our client portfolio. This company is fully endorsed by myself and supported by the entire team at Africa First. In addition, The Advisory Firm (Pty) Ltd, is an Authorised Financial Services Provider (FSP No 48726) and has the vision and resources to offer its bespoke services across South Africa and international markets.

After graduating from UCT with a Bachelor of Commerce, Umar spent his time by my side, modelling business processes across all disciplines in the financial services industry. With this strong foundation, and the use of technology-based support systems, Umar and his team will provide you with cutting edge advice and intermediary services.

In the upcoming months I will personally be transitioning my clients over to The Advisory Firm, ensuring a smooth handover process.

In line with the POPI Act, I have the responsibility to inform you that your information will be shared with The Advisory Firm and due correspondence will follow.

I'd like to personally thank you for your support over the years. It has been my honour to service you as a client and I am confident that The Advisory firm will maintain the level and quality of service you are accustomed to.

Please do not hesitate to reach out to me should you have any questions.

Kind regards,

Osman Kaprey
